

Service Guide

I can collect and return your bicycle in the Colchester area for free, further afield a small charge will apply. (charge confirmed prior to pick-up)

Bronze Service – £40 (Parts not included)

Wheels:	Checked for wear, spoke tension, minor buckles trued, hubs checked for play
Tyres:	Checked for wear and not perished, inflated to correct pressure
Headset:	Checked for play and adjusted if needed
Brakes:	Adjusted and balanced, Pads checked for wear
Gears:	Ensure both front and rear derailleurs are working/adjusted correctly
Bottom Bracket:	Checked for wear and play, adjusted if needed.
<i>In addition; Chain, Cables, Chain-set, nut and bolts checked for wear and lubricated as needed</i>	

Silver Service - £55 (Parts not included)**

Wheels:	Checked for wear, spoke tension, wheels trued in stand, hubs checked for play and adjusted, rims degreased
Tyres:	Checked for wear and not perished, inflated to correct pressure
Headset:	Stripped down and inspected, bearings cleaned and rebuilt
Brakes:	Degreased, cleaned and lubricated. Adjusted and balanced. Pads checked for wear
Gears:	Degreased, cleaned and re-lubricated. Ensure both front and rear derailleurs are working/adjusted correctly
Bottom Bracket:	Removed cleaned. Checked for wear and play then lubricated and fitted
Chain:	Checked for wear and stretch. Degreased, cleaned and re-lubricated
Cassette:	Removed and cleaned, checked for wear
Frame and Forks:	Cleaned and inspected for any damage
Pedals:	Removed and cleaned. Re-grease threads
Seatpost:	Removed and re-lubricated
<i>In addition; Cables lubed, nuts and bolts checked for correct torque</i>	

Gold Service - Nuts and Bolts Strip Down and Rebuild - £100 (Parts not included)**

Your bike will be stripped down to the frame then reassembled with every part cleaned, re-lubricated and set at the correct torque. (All four new cables included)
Each part checked and all components adjusted to be working as they should.

*** For all Silver and Gold Rebuilds; Weather permitting, I'll take your bike out for a test-ride to ensure its running as it should do.*
